I invite your kind attention to the subject cited and inform that the Government of India has set up a target to provide an opportunity to the youth aged between 18 to 35 living in the rural area to upgrade their skills and get a better employment in the area of their expertise. By upgrading their skills these candidates can not only earn good wages but contribute in the growth of the nation too. The Government of India is already running various training programs to achieve the target of training 500 million of its youth by 2022.

The Govt of India has introduced Portal "kaushalpanjee.nic.in".

The portal acts as a single platform for MoRD, other Administrative authorities and Training Agencies to manage upgrading skills .

I request to instruct all the final year students of all courses studying in the institutions under your jurisdiction to register in the portal immediately and report compliance.

Please Treat this as Most important

Yours faithfully,

Deputy Director (SW),  
East Godavari Dist, Kakinada
